## Heidolph Hei-Tec

## Heidolph "just stir and heat"

The Hei-Tec magnetic stirrer is very easy to use and equipped with the most important safety features.

It's unique size makes it suitable to use with many accessories and samples on a small footprint. The material used also enables the fastest heating times.

The patented Kera-Disk<sup>®</sup> footprint made of anodized aluminum, is chemical-resistant, scratch-proof, and has a diameter of 145 mm.

- The heating function can be activated separately
- Two rotary knobs to enable direct access to the two main functions
- The speed and temperature are set using a scale
- The maximum values are 1.400 rpm and 300 °C

Code	Description	List	Sale
HEID505-30080-00	Hei-Plate Silver 1 Package - includes	\$1,635	\$1,300
	Magnetic Stirrer Hei-Tec		
	Temperature Sensor Pt1000 (AISI 316Ti)
