

## Ground Edge SuperFrost Microscope Slides

Clean printing | Clear results

- Ground edges are polished and help prevent accidental cuts
- Highly suitable for automatic printers
- The large surface simplifies picking up of the slides with gripper
- A coloured tab on one side
- A range of colours allows specimens to be labelled and archived simply and clearly
- The writing area is resistant to all common solvents

## SlideMate AS

On-Demand Printing System  
Suitable for use with SuperFrost Slides

With its small footprint, the SlideMate AS slide printer fits directly next to your microtome, allowing you to scan labeled patient blocks and mount tissue sections directly onto the slide after printing.

VALID UNTIL:  
31 Jul 2023  
Ref. Code:
