

UV-Visible Spectrophotometer

V-730ST UV/Vis Spectrophotometer with
Spectra Manager 2.5 & Si-photodiode detector

Only \$9,995

Was \$11,760

Code: JASC7066-J021A

Compact Design | Excellent Optical Performance | User-Friendly Operation | High Speed Scanning

Suited for teaching & research, pharmaceutical, commercial and industry applications.

Available as standalone, or with a LCD touch screen display.

Wide wavelength range: 190 – 1100 nm

Stray light 0.02 % for exceptional absorbance linearity up to 3 Abs

Please inquire for more information about alternate models in the V-700 range,
configuring your instrument, or multi-unit purchasing.

JASCO also offer a wide range of sampling accessories.

Ref. Code:
JASC-J021A

VALID UNTIL:
31 Jan 2023

Prices and discounts may be subject to change and only available while stocks last. Not valid with any other special offer or discounts and cannot be applied in retrospect. All prices in local currency excluding GST and local delivery charges. Products advertised may be for research use only (RUO) or in vitro diagnostic use (IVD). Please refer to manufacturer's product insert for further information. For product use outside of that specified on the manufacturer's labelling and/or instructions for use, Bio-Strategy does not take responsibility.
