- Total capacity 158L
- With 2 plastic coated wire shelves (20kg load/shelf)
- Dual sliding door design maximises capacity with smaller operational footprint
- Door activated LED lighting and on/off light activation via keypad
- Fully automatic cyclic defrosting with minimal chamber temperature increase
- User friendly digital display with audible and visual alarms
- Very quiet in operation : 35dB(A)
- Glass doors have protective film for safety

- Total capacity 486L
- With 5 plastic coated wire shelves (20kg load/shelf) and 5 plastic coated sliding racks (20kg/rack)
- Dual sliding door design maximises capacity with smaller operational footprint
- Fully automatic cyclic defrosting with minimal chamber temperature increase
- User friendly eye-level digital display with audible and visual alarms
- Very quiet in operation : 42dB(A)
- Glass doors have protective film for safety

- Total capacity 671L
- Self closing door
- Automatic cyclic defrost
- Temperature range: adjustable from 2°C to 23°C
- Alarms: high/low temp & door open
- Top mounted air circulation blowers provide vertical downflow for better temperature uniformity
- Five painted steel roll-out drawers (550 x 530 x 100mm W x D x H)
- Easily remove heat loading from equipment used inside the chamber
- 3 access ports as standard
- Low noise level: 48dB(A)
- Castors for mobility and locating feet when in working position

Ref. Code:  
SANY-Pharm
