Code: GOLDLFRSCAN002

Unique To The Market

[Download Brochure](#)

The hand-held RapidScan Reader is a highly flexible, and easy to use platform used for lateral flow assay diagnosis and analysis.

Specifically designed for field and in-process testing applications, the RapidScan Reader ensures your quality, regulatory, and safety checks are auditable, cost-effective, and efficient.

Ideal for on-line CIP validation, field investigations, and efficient on-site QC testing, among others.

Key Benefits

- Easy to use, no training needed
- Semi-quantitative results
- Portable for field testing
- Flexible: multiple target analysis
- Data storage capacity of up to 5,000 test results
- Report exporting capability

Compatible with Gold Standard Diagnostics' allergen, GMO, glyphosate, algal toxins and veterinary lateral flow tests.
