

SlideMate Printers

With a small footprint the SlideMate AS and SlideMate Pro dual-hopper slide printers fit directly next to your microtome.

SlideMate AS On-Demand Slide Printer

Only \$15,500

Was \$21,700

Code: EPRNA83900005

The SlideMate AS allows your lab to be much more accurate when it comes to creating patient slides. Labeling takes place in your technician's workspace, right as the tissue is sectioned

With the SlideMate AS, unattended samples, illegible handwritten slides, and confusion over patient-sample matching will become things of the past.

SlideMate Pro On-Demand Slide Printer

Only \$30,500

Was \$39,900

Code: EPRNA83900015

With flexible configuration options to match your laboratory's needs the SlideMate Pro printer features a dual-hopper loading system with intelligent slide selection.

The printer can be programmed to automatically read the requested slide type from the incoming print image and pull from the appropriate hopper.

Also available is an additional manual load option for a 3rd slide type. Simply load them through the manual feed as required – no need to remove the hoppers.

Compatible with: Superfrost Slides
