(without accessories)

**Are you still manually
washing glassware?**

**Let's put some precision and
safety into this procedure!**

Miele offers enhanced laboratory safety by removing the manual washing step from your wash process. There is reduced likelihood of glass breakage that can result in cuts to lab staff.

Miele - good for occupational health and safety

With stainless steel interior combining powerful 500L/ min pump with integrated heating elements enabling safe washing cycles with temperatures up to 70°C .

- Enhanced safety by removing the manual washing step from your wash process
- Door dispensers for powder detergent and neutraliser
- Suitable for operation on 240V 50Hz 13 amp supply
- 6 standard programs + 2 vacant program positions to meet your wash requirements
- Touch on steel controller with 3-line display for easy viewing of washer status

Many options and accessories to select from, contact Bio-Strategy for assistance in configuring your washer.
