Designed to handle a wide range of applications no matter how difficult the task. A powerful, convenient shaker providing consistent orbital shaking action. Digital controls offer accurate speed for applications that demand repeatable results.

- Ready for your lab - includes a tray and rubber mat and can be customised with over 70 accessory options
- Rely on the digital shakers' exclusive Accu-Drive shaking system for exceptional speed control, accuracy and durability as well as a maintenance-free motor for long-term use
- Protect your samples. Optimal speed ramping feature slowly increases speed to setpoint to avoid splashing. The load sensor detects unbalanced conditions and automatically reduces to a safe speed
