**YOUTILITY** Lab Bottles are engineered to outperform traditional lab bottles in every way that matters. With their ergonomic shape, they're easier to grip, pour, and handle, even with gloves on. Each bottle is made from durable, chemically-resistant materials and features a secure, leak-proof cap system.

Designed for space efficiency, **YOUTILITY** bottles also stack and store more neatly than conventional round bottles — helping you maximise bench, fridge, and autoclave space.
