

## Bio-Strategy and JASCO to Partner in Oceania

Dear Valued Customers,

Bio-Strategy has great pleasure in announcing an exciting new partnership with JASCO International. Effective immediately, Bio-Strategy will provide sales, service, and applications support for JASCO products to customers in the Oceania region, including Australia, New Zealand, and the Pacific Islands.

JASCO, now a global name in spectroscopy and chromatography instrumentation, was founded in 1958 after research in Fourier Transformation Infrared (FT-IR) technology was awarded a Nobel Prize in Physics.

Today, JASCO produces the highest quality scientific products for cutting edge research, teaching, process, and routine analysis, and is a world leader in many disciplines including Circular Dichroism Spectroscopy (CDS), and related new techniques such as Vibrational Circular Dichroism (VCD).

### **JASCO Spectroscopy**

- UV VIS NIR
- Dissolution
- Fluorescence
- FT-IR
- Raman & high-resolution Raman

### **JASCO Chiral Spectroscopy**

- Circular Dichroism
- Vibrational Circular Dichroism
- Circularly Polarised Luminescence
- Polarimetry

### **JASCO Process Spectroscopy**

- UV, VIS, NIR
- Mid IR/NIR, Raman, FT-IR

### **JASCO Micro Imaging Spectroscopy**

- UV VIS NIR, FT-IR Imaging, Raman Imaging
- VCD imaging, Micro Fluorescence
- Advanced combinatorial imaging with UV, VIS, IR, Raman, on same micron image

### **JASCO Chromatography**

- HPLC, RHPLC, UHPLC (MS)
- Miniaturised HPLC (MS)
- FPLC, GPC, SEC
- Ion Chromatography
- Supercritical Fluid Chromatography
  - SFC - Analytical & Preparative (MS)
  - SFE - Extraction & Preparative
  - SFE /SFC/Hybrid (MS)
- Chromatography Data Systems
