

Ansell Micro-Touch NitraTex

Valid Until:
30 December 2018

Ref. Code:
ANSE-447

Nitrile, powder-free examination glove with strong barrier protection

Micro-Touch® NitraTex® nitrile examination gloves are a suitable alternative to latex gloves. Their softer, nitrile formulation offers comfort and fit as well as high tear and chemical resistance.

Micro-Touch NitraTex are powder free and latex free nitrile examination gloves and are suitable for those suffering from a latex allergy.

Special Features

- Improved softer, nitrile formulation for comfort and fit
- Powder free and latex free examination gloves
- Mild textured finish on fingers and palm for excellent grip
- High tear resistance
- Excellent resistance to a broad range of commonly used chemicals
- Silicone-free, ensures no delamination to contaminate test results
- Ambidextrous gloves
- Layer pack for easier dispensing and reduction of waste
- Blue coloured nitrile glove for easy identification as a synthetic glove
