

Hamilton Company Microlab 600 Diluter Dispensers – Unmatched Accuracy and Precision

Valid Until:
31 December 2018

Ref. Code:
HAMC-MICRO

**SYRINGE
OFFER!**

**Increased Throughput and
Accuracy, Reduced Cost and
Waste**

HAMILTON

All new reduced pricing and an additional set of syringes at no cost!

For a limited time, send us the serial number of your existing Microlab 500 Diluter Dispenser and we will supply you an advanced controller for the price of a basic controller!

Every laboratory has tasks that are too small to automate and too large to reliably accomplish by hand. The Microlab 600 is a semi-automated liquid handler designed specifically for these in-between applications. The Microlab 600 increases throughput and consistency while reducing cost and wasted buffer. Common industries utilising the Microlab 600 are:

- Forensics
- Environmental Analysis
- Mining
- Manufacturing
- And many more

Speak to your local Bio-Strategy Representative for further details or call Customer Service on 0800 34 24 66 or email sales.nz@bio-strategy.com
