

HEIDOLPH MIX IT, STIR IT, SHAKE IT!

Ref. Code:
HEID-EQUIP

3 YEAR WARRANTY- DON'T COMPROMISE

Quickly suspend, homogeneously emulsify, carefully mix, temperately move, steadily pump, or precisely measure – the right solution for every requirement. Research made easy!

Hei-PLATE – The robust magnetic stirrers of the Hei-PLATE series were developed to optimally mix low-viscosity liquids from smooth to intense. They are perfectly suited for decomposing organic and inorganic substances.

Hei-TORQUE – The overhead stirrers enrich your lab with enhanced performance, reliability and powerful stirring for years. The Hei-TORQUE laboratory stirrers are equipped with the latest drive technology and the sealed housing protects the inside from vapour and dust. Your lab agitator should not just be robust, but also practical. With its unique Quick-Chuck, you change impellers fast and easy without any additional tools.

Hei-MIX – This range offers countless options with different movement types, load capacities, and versatile accessory attachments for shaking and mixing. With the help of a wide range of attachments and extensions, each shaker is configurable for your individual application right up to temperate shaking with the Heidolph optional incubator system.
