

Custom and Ready-made edited cell lines

Custom or Ready-made Knock-In, Knock-Out and Reporter cell lines - You Decide!

Horizon's isogenic human cell line pairs provide a model system for the study of the role of genes in cellular processes and drug responses. **All cell lines are provided with a matched wild type control parental cell line** ensuring phenotypes can be attributed directly to the requested genetic modification(s).

- Confidence - Each cell line is matched with an isogenic control to confirm your results
- Reliability - Highly characterised and quality controlled clonal human cell lines
- Convenience - Over 2500 edited cell lines in our catalogue ready to be delivered within only a few weeks

Speak to your local Bio-Strategy Representative to discuss your research and how Horizon Discovery can assist or call Customer Service on 0800 34 24 or email sales.nz@bio-strategy.com

**Confidence,
Reliability &
Convenience**
