

EuroProxima Specialists in Food Safety Kits are now part of the R-Biopharm Group

Buy your EuroProxima Products through your local New Zealand R-Biopharm distributor.

EuroProxima is specialised in the development and production of immuno-biological test systems for Food Safety control. For over twenty years they have been making products recognised in the international market for service and quality. These fast turn-around analytical test kits will help ensure the quality of your raw and processed feed and food products and will minimise any disruption to your food processing chain.

Europroxima's range of ELISA Kits Include:

- Contaminants and Residues including Steroids, Tranquilisers, Shellfish Toxins
- Milk Proteins ie: Lactoferrin, Cheese Fraud, Milk Fraud
- Antibiotics ie: Oxytetracycline, Penicillin, Gentamicin, Erythromycin, Sulphonamides

Speak to your local Bio-Strategy Representative for further details or call Customer Service on 0800 34 24 66 or email sales.nz@bio-strategy.com
