

New Range of UVP Penray Lamps!

VALID UNTIL:
30 September 2020

Ref. Code:
UPI-PENRAY

Invented by UVP, now Analytik Jena, the Pen-Ray Lamps are manufactured from the highest grade of quartz material. The design places the illumination on one end of the lamp, making it ideal to use as a reference source for small apertures or in calibration applications for instruments.

- Available in standard sizes and wavelengths
- Customisation options are available (quartz type and size)
- Power supply not included, must be ordered separately
