

#CytivaThinkPink in October

Join us in the entire month of October, and together we can make a difference.

During the month of October, simply purchase any products from the laboratory research consumables range, and Cytiva will donate \$1 per pack to the Breast Cancer Research Foundation (BCRF). Pick from trusted brands like Amersham™, Sera-Mag Select™, Whatman™ & MabSelect™.

Your support in 2019 helped raise \$121 000. This year's goal aims even higher. Together, our 2020 is to raise **\$175,000** for the BCRF.

Research is improving care every day and producing better outcomes to transform lives. Cytiva's laboratory and research consumables are used in labs around the world. Help us continue to support the BCRF's mission to fund critical work in areas from cancer research to development of therapeutics.

Learn more about the progress and impact BCRF is having on breast cancer research at: www.bcrf.org
