

Leica DMI1 Inverted Microscope for Cell Culture Quick checks

**NEW
PRODUCT!**

With 12 MP microscope camera: FLEXACAM C1.

The NEW Flexacam C1 turns your microscope into a stand-alone digital imaging station. There is no need for a PC.

- Cool LED Illumination provides a perfect climate for delicate live specimens
- Easy One-hand-change of Phase Contrast 10x, 20x & 40x, no need to change phase rings/slider
- Annotate and share your images & videos using the intuitive OSD tools directly via a monitor (On-Screen Display)
- The camera is mounted at the back of the microscope providing a clear view and easy access to the working area
